# Changing Faces

## Mission Statement

Auburn Adventist Academy provides a Seventh-Day Adventist education that challenges our students to transform their community as disciples of Jesus.

Enhancing relationships while serving others, empowering them to be successful in college, work, and life, and experiencing a genuine friendship with Jesus Christ.

## Vision Statement

A place to reason together, grow in Christ together, and become thinkers and not mere reflectors of others thoughts.

# CHANGING FACES

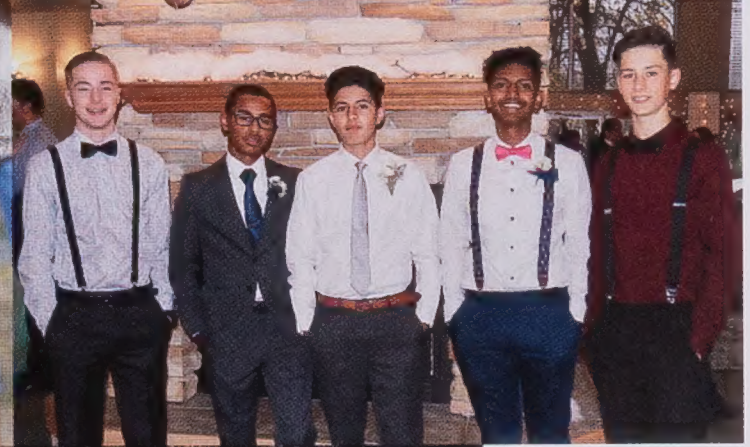

It's a new year at AAA and there's excitement in the air. As the new freshmen pour in, and the memory of last year's seniors falls into the back of returning students' minds, there's the realization that over the summer, AAA has become a new school. Changes in the school body, that's expected, but it's more than that this year. With not just one, but two new faces to the school, one literal and one figurative, whether we will like this new chapter of our school's history is still up in the air. The arches village students have walked through everyday were torn down and replaced, and with a whole new administration there's apprehension about what they will make of this school year. This year the Rainier Vista wants to celebrate and embrace the changes this year have brought.

## New and Old Combining the Best of Both

Auburn students are best known for their busy lifestyles of jumping between their school work, their passions, and their social lives. Each new student at AAA can come in and learn from their more experienced peers how to balance and thrive in each area. As a school we have bonded over our loves of sports, music, academics, leadership, and most importantly our love of God. There is no better place to prepare for a busy, fast paced life style than at AAA.

## A New Kind of Yearbook

When deciding what would make this year's book stand out from past years there was an idea to incorporate video into the book. You may be wondering how you could possibly put videos into a book, this year using a software named an Aurasma we are able to do just that. After downloading the Aurasma app onto your phone, hover it above any photo you see with this gold border and watch as it comes to life right before your eyes!

At the Metropolitan Museum of Art in New York City, there is currently an exhibit on display of the drawings of Michelangelo. While best known for his sculptures and paintings, such as the David and the Sistine Chapel, respectively, Michelangelo was a prolific drawer, and actually, all of his major works first began as drawings.

One of the large reasons for this exhibit is due to the beauty and artistic quality of these drawings. While the majority of them were done by Michelangelo as sketches for prep work, they are still beautiful and elegant in and of themselves. Contemporaries of Michelangelo were themselves affected by the beauty and art of even the most basic of his work. During his life, because of his artistic ability with everything he touched, he was often referred to as Il Divino, “The Divine One”.

While this honorific for Michelangelo was well deserved, we know that the only “Divine One” is our Lord and Savior, Jesus Christ. In Him we see the fullness of creation. That creation began when He made this world, and is alive and growing in each of us.

Within the beauty and art of this world and in the lives of students, faculty and staff at AAA, we see sketched, painted and sculpted the wonder of what God can and will do through us. It is said that “a picture paints a thousand words.” What I have seen this year, and is vividly portrayed in the pictures of the yearbook, is a lifetime of stories of how God, our Divine One, has taken us from simple sketches to masterpieces of His creation.

// Class of 2018

**The Last Year** // On September 7, AAA's Class of 2018 were taken to Fort Flagler in Nordland, WA for the annual tradition of the senior retreat.

**Bonding Moment** // Michelle Z, Kevin Y, Andy K, Simon W, Jadan H, John Z, Charlie Z, and Ming C.

The new seniors were able to bond with their classmates over the course of the weekend and become closer as a class.

**Bonding Moment** // Miranda M, Genesis B, Sarahi V, Marion S, and Sara O.

**Making Memories** // Yvonne Lake and Jordan Hauge having fun getting settled into the retreat.

There were many good memories made between class elections, teams competing, and getting to explore the fort.

### **Purple Sunsets**

Students were treated to a spectacular sunset of purples and pinks on their last night at the fort.

# Did You Know?

- There are partial eclipses all over the world 2-5 per year.
- The longest a total eclipse can last is 7.5 minutes, ours only lasted around 2 minutes.
- Planets in the sky at the time of an eclipse are visible as lights in the sky, during our eclipse we could see Venus.

Zeta Kappa Retreat - October 20 & 21, 2017

## The Speaker

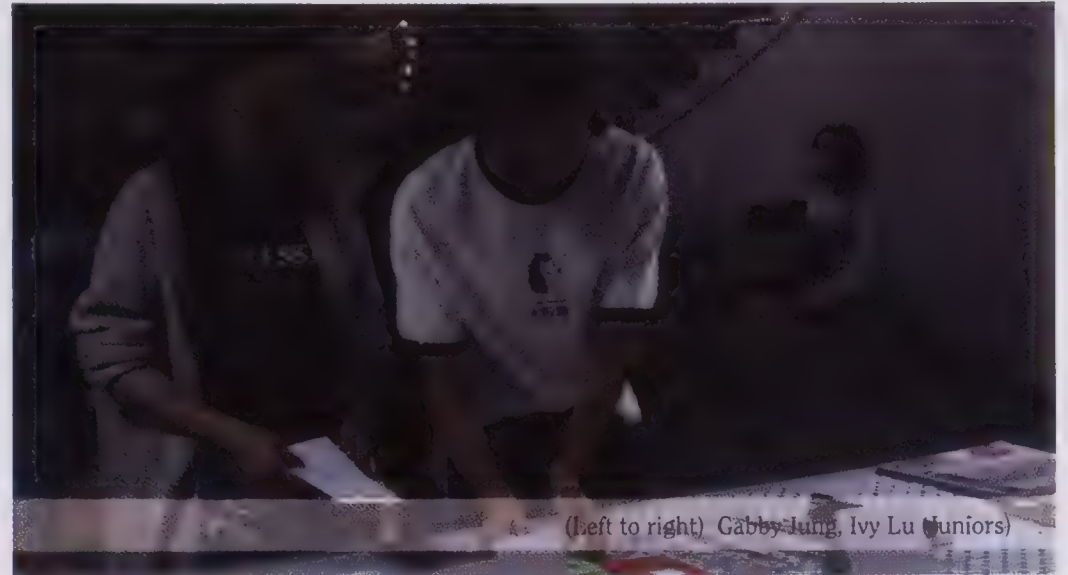

Growing up in a demon filled home and how she found Christ

// The girl's speaker this year was very dear to one of the girl's dean's hearts. In fact, Becki Rogers is the mother of Dean Rachel. Mrs. Becki shared with the girl's of the dorm and the visiting village girl's her testimony of growing up in a home where her mom would talk to spirits and demons and how God saved her life on multiple accounts. She shared her unique salvation story in a way that kept the girl's on the edge of their seats the both nights.

**Becki Rogers**

// Mrs. Becki lives in Orofino, ID with her husband and has two children, Dean Rachel and her older sister.

(left to right) Gabby Jung, Ivy Lu (Juniors)

## Card Making

# Casa Loma Banquet

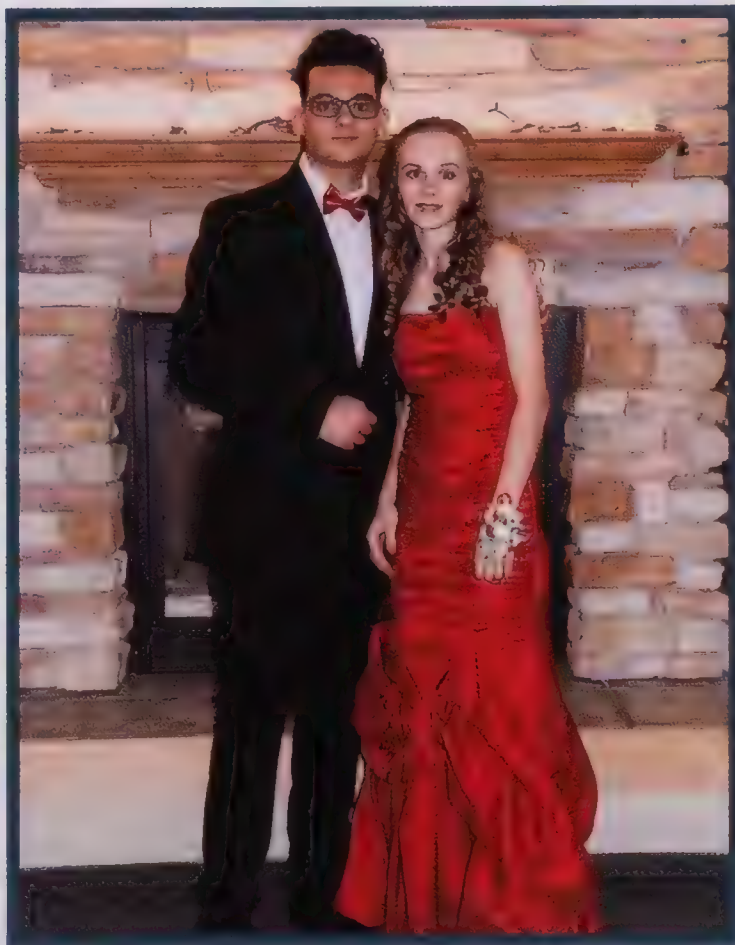

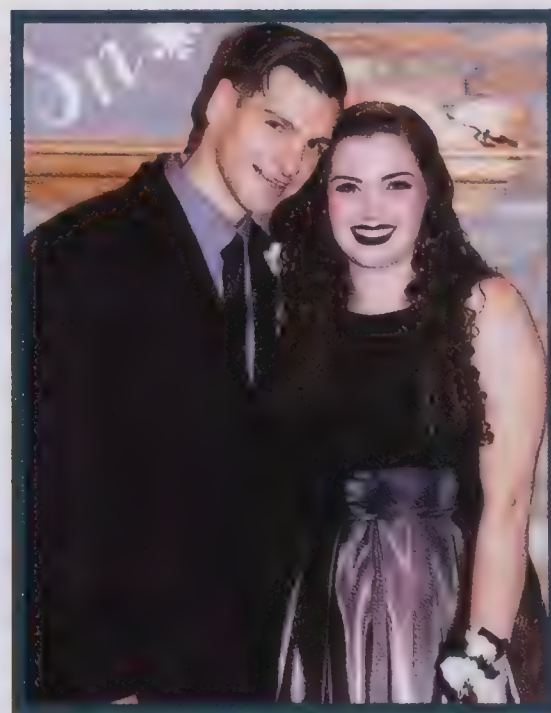

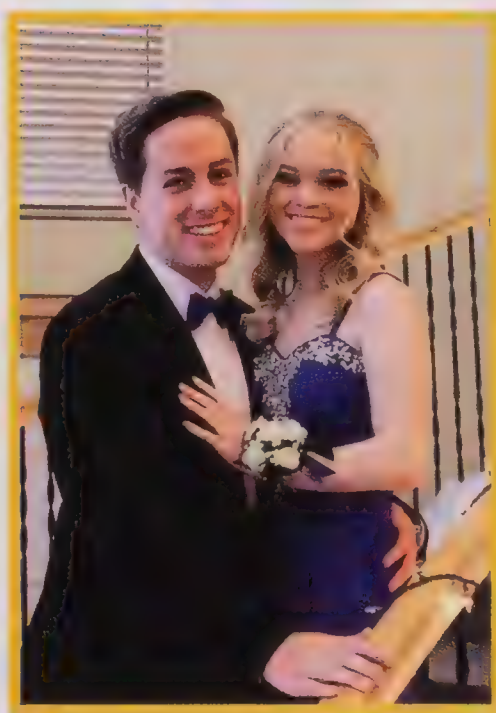

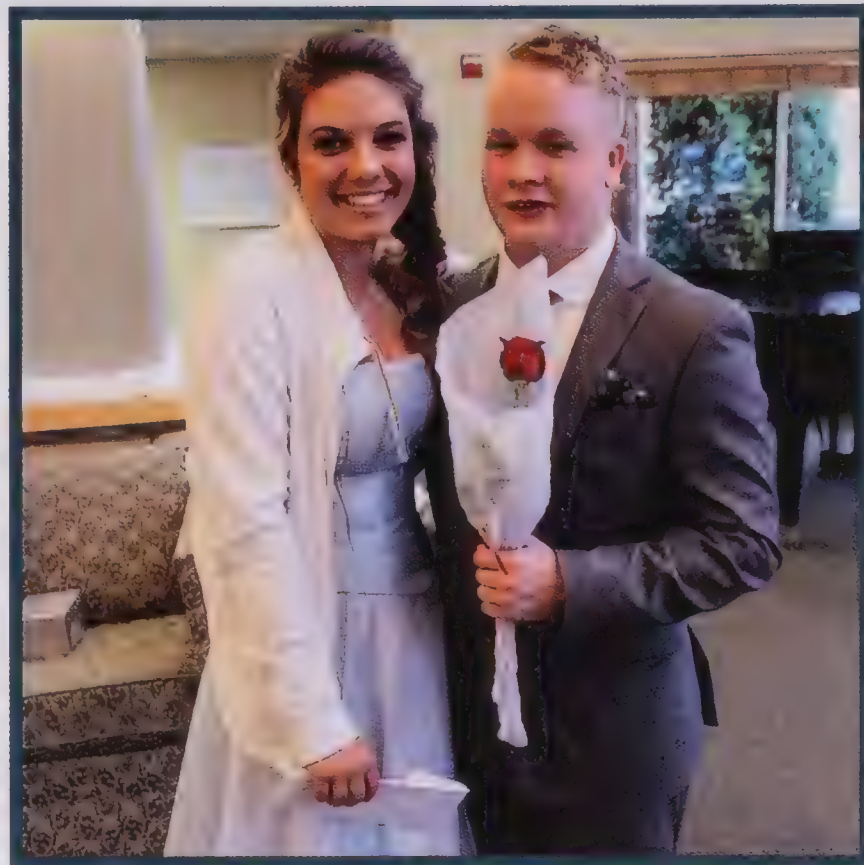

## A Night Under the Stars

Banquet was orchestrated by Casa Loma on November 5th, 2017, at Brown's Point Lighthouse in Tacoma. The theme was based on Frank Sinatra's hit song *Fly Me to the Moon*. After attendees met in the lobby and loaded the buses they were taken to a beautiful waterfront destination which was perfect for pictures. Over the course their meal couples were serenaded by a Frank Sinatra impersonator and were invited to sing along.

# Meet Me in St. Louis

- November 11, 2017 -

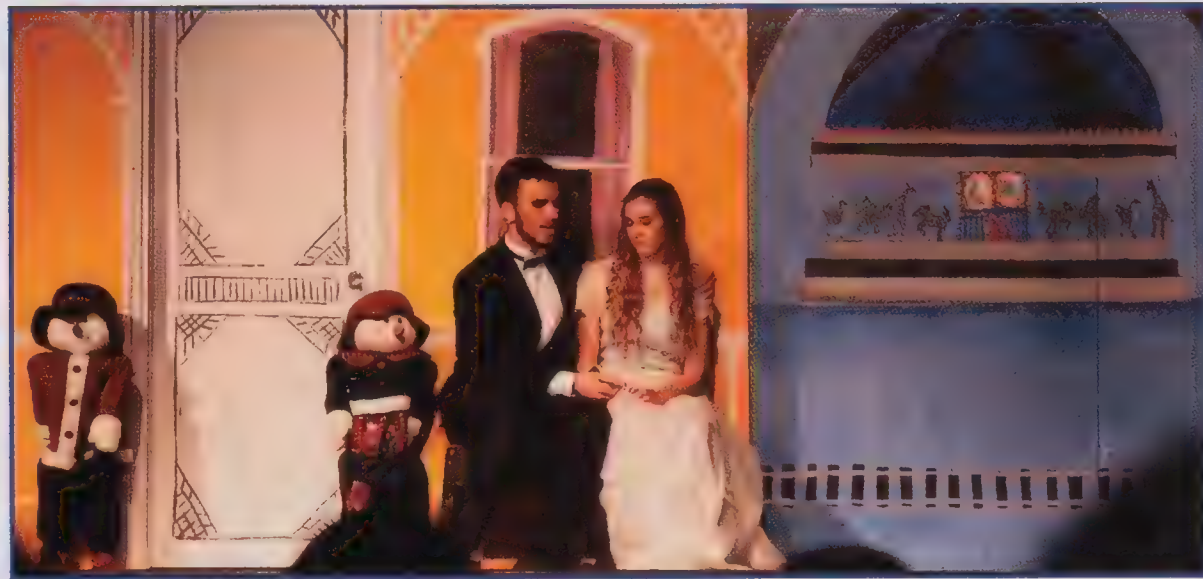

It's 1903 in St. Louis and the World's Fair is only 10 months from opening when Esther Smith becomes hopelessly smitten with the boy next door, John Truitt, her brother, Lon, is on his way to Princeton, her oldest sister, Rose, is toying with the heart of a future millionaire, Warren Sheffield, and the three's two youngest sisters, Agnes and Tootie, are causing their usual havoc. The Smith residence is turned upside down when their father, Mr. Alonso Smith, announces they're moving to New York after Christmas.

"Meet Me in St. Louis" filled the gym with laughter for not just one, but two days this year. After hours of practice the cast performed not only a Saturday night show, but a Sunday matinee as well. From laughing at Grandpa's odd spoon obsession, to the teary-eyed "awww"s after a proposal, it was a play enjoyed by everyone.

## Cultural Chapels

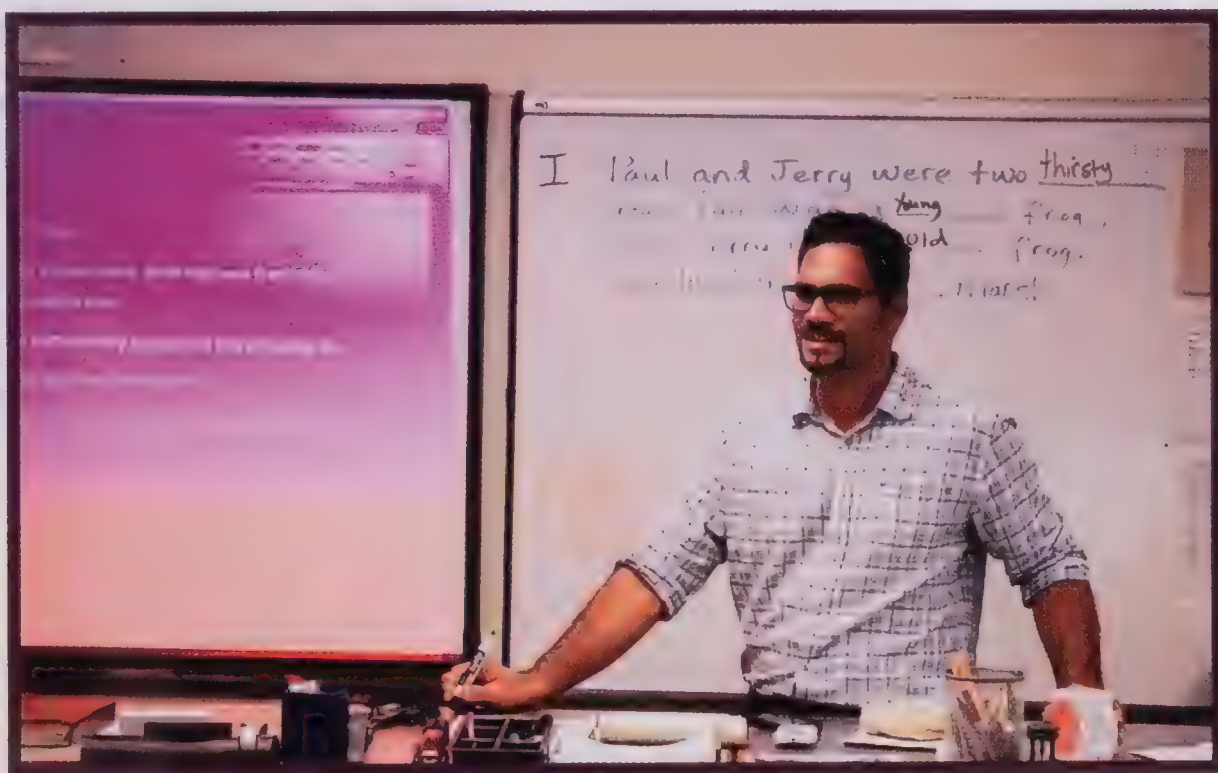

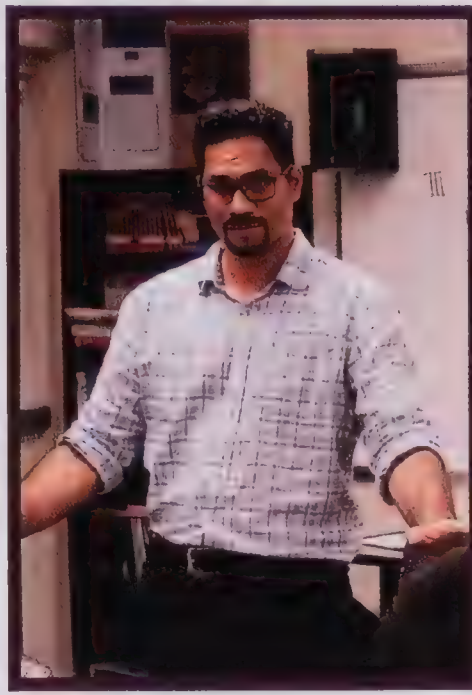

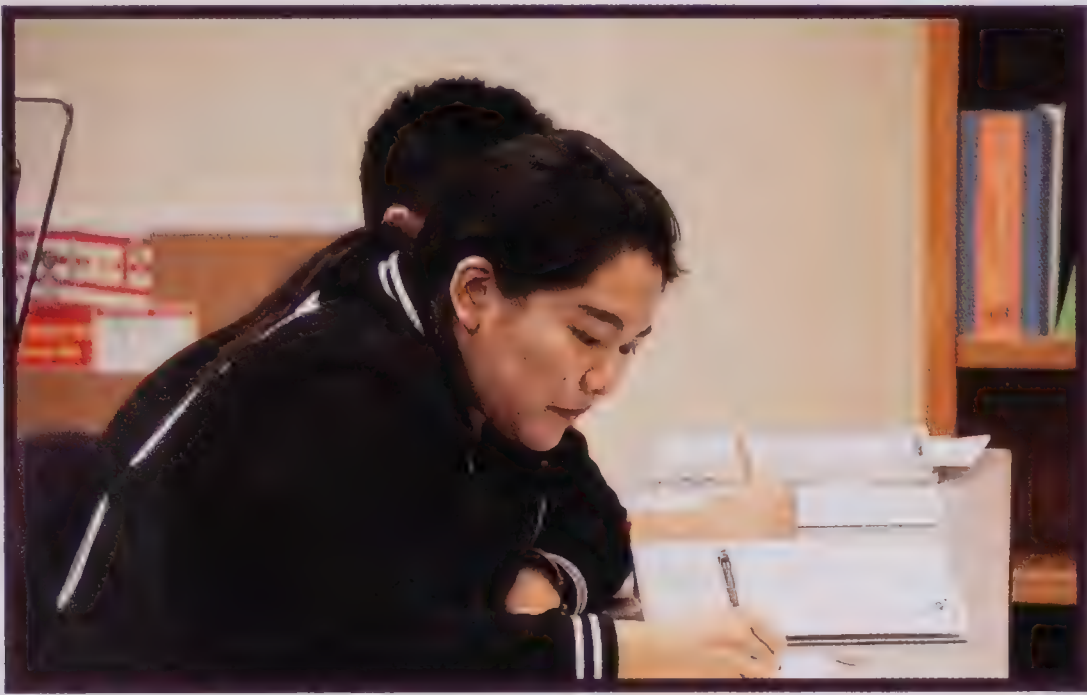

Several times this year during chapel students from all over the world were given a chance to showcase and celebrate their cultures with the rest of the student body.

After changing its name from 'International Club' and opening its membership to any student, domestic or international, many new students were brought into Cultural Diversity Club. Members had a chance to learn about other cultures and went on several field trips throughout the year.

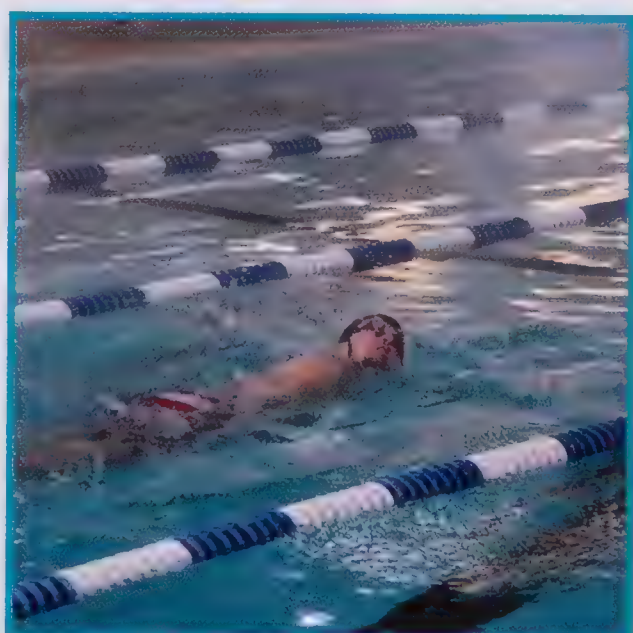

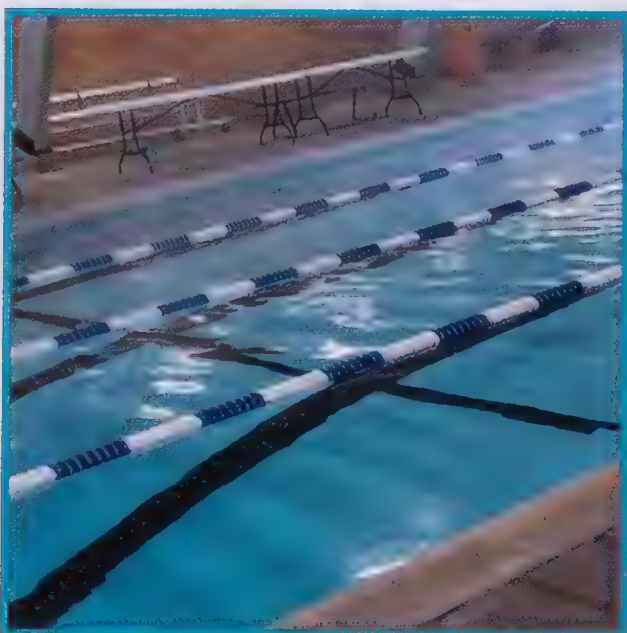

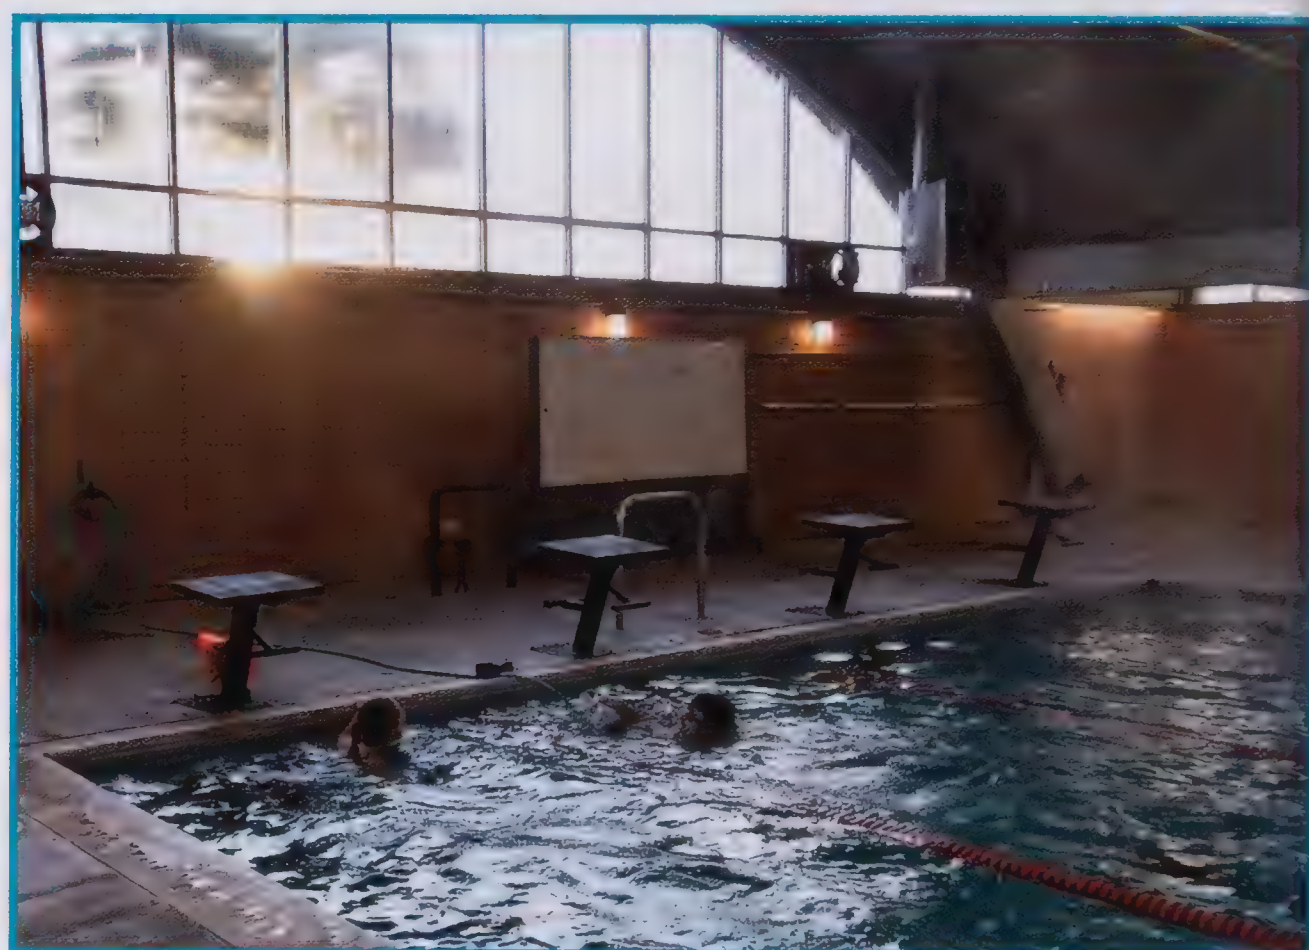

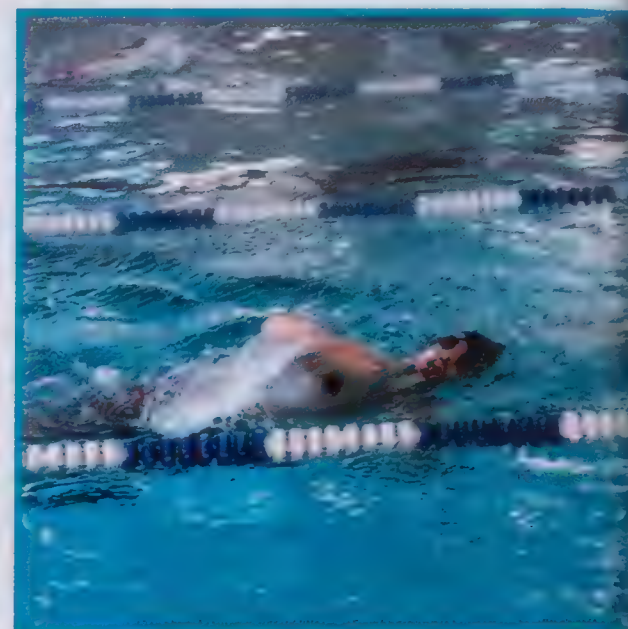

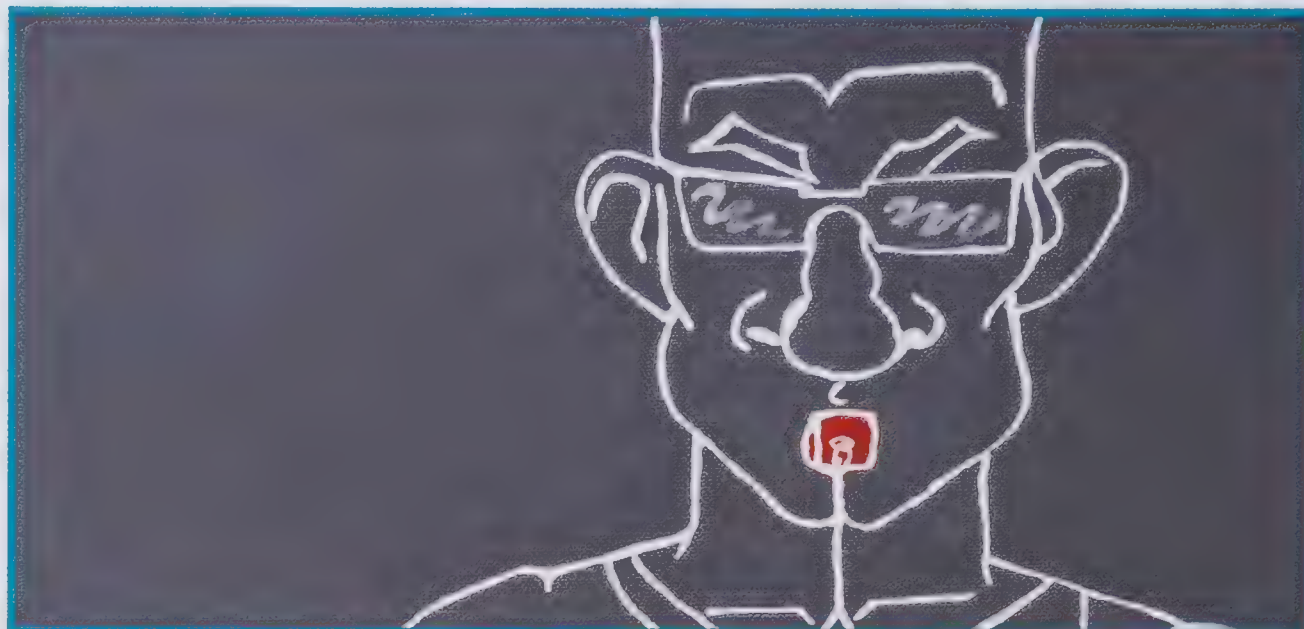

# ESL and International Students

This class is for the students that come from other countries to help them learn English. It helps them with writing, reading, and speaking. They learn new things about American culture as well. There are many international students do not come from a Christian background, ESL is another place at Auburn where they can learn about Christianity and get to know Jesus. Mr. Hoori is always kind to the class and answers the question students ask him with grace.

# Raena Bahnsen

Quick, capable, creative.

We are very proud of you! It is with mixed emotions that we watch you graduate from high school and launch into your adult life.

With much love,  
Mom and Dad

# Sienna Hubin

Dear Sienna ~ you bring us so much joy...God has blessed you with a tender heart, gentle spirt, brilliant confidence (smart and beautiful too) and it has been a blessing watching you pursue God's will for your life - Jeremiah 29:11. We are so proud of you and love you dearly ~ Daddy, Mommy, Connor and Landen

# McKenna Butler

We are so proud of who you have become and how you crushed HS! We are grateful for God's hand in your life and your commitment to follow Him. We love you more than you can imagine!! - Mom & Dad

# Michael (Mickey) A. Demma III

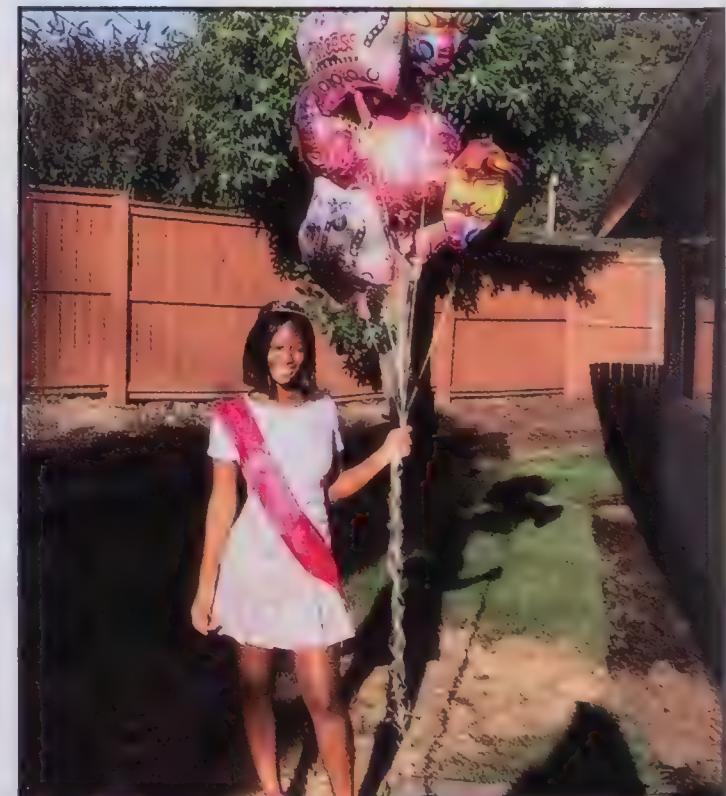

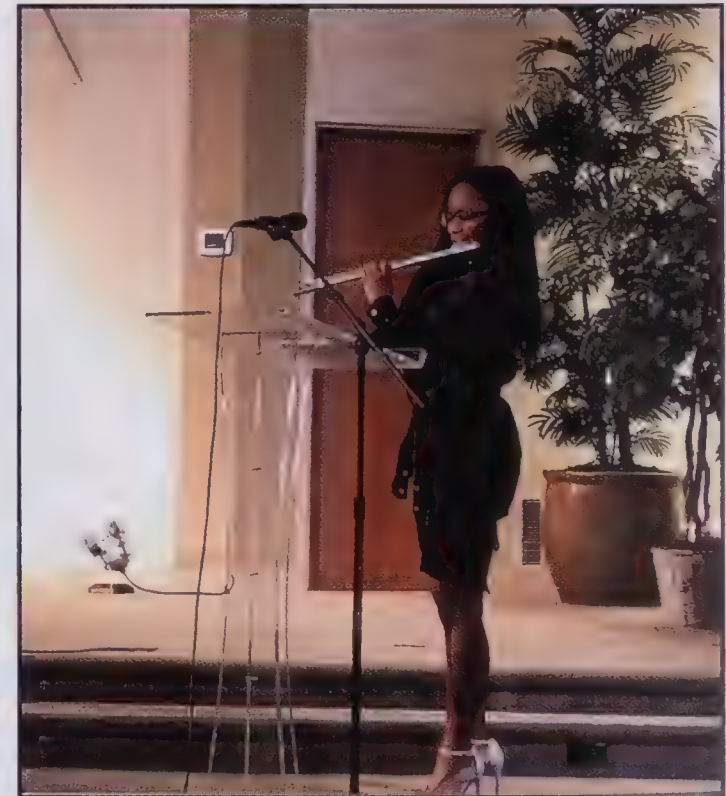

You did it! You did it excellently!  
After eight years of elementary school,  
four years of high school, and hundreds of hours  
spent in homework, student government,  
school sports & work education,  
you have earned your high school diploma.  
We see you as an honorable gentleman,  
an earnest scholar, and an honest laborer.  
May you always be serious about  
God, family & country.  
We, your parents are proud of who you are today!

## Elianna S Strachan

God blessed the universe with only one you! Let Him  
use you to be a blessing to everyone you meet.  
We love you, mom, dad & family

# The 2017-2018 Rainer Vista Staff dedicates this book to Mrs. Mary Kobberstad for her wonderful years of service at Auburn Adventist Academy

We moved to Auburn in 1990. I worked in the Business office doing Accounts Payable, Payroll, and Student Employment for 3 years and then moved to the classroom. I have taught English 9, 10, 11, British Literature, Biblical Literature, Speech, Media Literacy, Drama Literature, Film Literature and Creative Writing and Advanced Writing. I have also taught ESL English Bridge, Bible 10 and Bible Foundations. I have served as Academic Vice Principal 2013 – 2015 and again this year.

My favorite class is whatever I'm teaching at the moment. I love creating new curriculum. I enjoyed teaching Bible but my heart is definitely in teaching English.

My best advice for students is to enjoy high school and make as many memories as possible. Don't let failure define you – learn from it and then conquer it. Do your very best in all that you set out to do and don't let anyone put you down. Include God in all that you do.

Don't just teach the kids; like them too – No matter what you do --- hang on – Home Leave is coming!

What I'll miss the most is obviously the kids! They have taught me far more than I have ever taught them.

The best piece of advice I ever received was when I began to teach Biblical Literature. I was apprehensive about a new subject area and so went to a close friend, Morris Venden, for some wise words and encouragement. He said something to me that guided me through that year and all the years since. He said, "I wanted to know more about prayer, so I wrote a book." The point was clear. You can't really accomplish anything unless you are willing to go all in and learn by doing!
